Skills

- **Languages**: Java, JavaScript, C++, Python, C, PHP
- **Frameworks & Libraries:** HTML and CSS, React, Node.js, Express
- **Databases:** MySQL, MongoDB
- **Developer Tools:** Git, GitHub Actions, AWS
- **Soft Skills:** Critical thinking, Time management, Leadership, Adaptability

Projects

Podcast Hosting and Listening platform | GitHub Jan' 2025 – Apr 2025

- Developed a full-stack web application to enable podcast creators to host, manage and analyze their content.
- Implemented core podcast management features such as create, edit, delete and support for multiple audio formats to ensure flexible content handling.
- Deployed and tested the application locally using XAMPP, streamlining development and environment configuration.
- Designed a user-friendly interface for both creators and listeners, enabling easy navigation, playback and content discovery.

  Tech stack: HTML, CSS, JavaScript, MySQL, PHP

Packing List Generator | GitHub Apr' 2025

- Built an AI-driven Packing List Generator that creates customized packing lists based on trip details.
- Implemented efficient backend logic with proper API handling and error management, ensuring smooth data flow, maintainability, and scalability for future enhancements.
- Integrated a weather API to show month-specific destination weather and improve packing accuracy.
- Designed a clean, responsive UI for entering trip information and viewing personalized packing suggestions.

  Tech stack: HTML, CSS, JavaScript, Weather API, Gemini API

Training

Data Structures and Algorithms using C++ | LPU Jun' 2025 – Jul' 2025

- Completed hands-on training in Data Structures and Algorithms using C++, covering arrays, linked lists, stacks, queues, trees, graphs, and hashing.
- Implemented efficient algorithms including sorting, searching, recursion, dynamic programming, and greedy techniques to solve computational problems.
- Built multiple mini-projects and problem-solving modules using STL (Vector, Map, Set, Priority Queue).
- Strengthened analytical thinking by solving 100+ DSA problems on platforms like LeetCode, focusing on time-space complexity.

Certificates

- NPTEL Certificate | Cloud Computing | NPTEL Jan' 2025 – Apr' 2025
- Generative AI | Infosys Mar' 2025
- The Bits and Bytes of Computer Networking | Google Nov' 2024
- Introduction to Hardware and Operating Systems | IBM Oct' 2024
- Unlocking DSA with C | CSE Pathshala Mar' 2024

Achievements

- Secured 5st rank in the Hackathon: HackWithVertos 1.0:
- Solved 200+ problems on LeetCode, improving data structures and algorithms skills.
- Achieved a 4-star rating in Java on HackerRank.
- Solved 100+ problems on GeeksforGeeks.

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 8.0*** Since Aug' 2023
- **Sainik School Amaravathinagar** Coimbatore, Tamil Nadu
  Intermediate; ***Percentage: 78%*** Apr' 2021 – Mar' 2023
- **Sainik School Amaravathinagar** Coimbatore, Tamil Nadu
  Matriculation; ***Percentage: 90%*** Apr' 2019 – Mar' 2021
